MEG STATE,

A stalwart republican paper is to b started in New Britain and in a few days the first number will make its appearance, The founders are John Waters, H. A. Stocking and W. E. Preston, who have perfected their arrangements with such secrecy that even their most intimate friends have not been apprised of the new venture. It is understood that the new paper starts with a good financial backing and from its birth will be modeled on the most approved modern principles of up-todate journalism. Of course the chief end and object of the new creation will be directed to wheeling New Britain firmly into the republican ranks, and incidentally to become a factor in state

WATERBURY HAS A MUSEUM.

The new Silas Bronson library of Waterbury has been given 1,600 min eralogical specimens as the nucleus for a museum of natural history. The donors are Cornelius Tracey and a number of others whose names are no made public. The collection is all labeled and arranged in cases, and is a complete surprise to the community. Most of the collection was obtained at the world's fair and arranged by Dr. E. O. Hovey of the museum of natural history in New York.

CAME NEAR PROVING FATAL. Joshua Middlebrook, the special officer in Winsted who drank muriatic acid by mistake, is now out of danger. It seems it was a practical joke. Middlebrooks, while coming down the hill by Camp's store onto North Main street Thursday night met Robert White, who had been out doing some soldering in a neighbor's house. White had a lager bottle about half full of muriatic acid and in fun he took it out and offered it to Middlebrooks, who grasped it quickly. Before he could be stopped he had taken a swallow or two of the flery stuff. As he took the swallow White yelled and reached to snatch the bottle away but not before Middlebrooks had taken considerable. White hurried Middlebrooks home and got medical aid as soon as possible. Dr. Hulbert came and administered antidotes and Middlebrooks will recover, although it was a pretty narrow es-

MERIDEN'S FACTORIES. Meriden, Aug. 11.-There are three manufacturing plants outside Meriden's city limits, as follows: Parker Clock shop, over west; South Meriden Cutlery company, and Parker's Spoon shop, in East Meriden.

Architect Jone's figures show that Meriden's manufacturing property covers in all 988,335 square feet, equal to twenty-three acres. He has measured and figured, in all, 496 buildings, no

There has been much discussion as to the largest factory in Meriden, says the Republican. Some say that, taking all of the Charles Parker company's plants in the city together, they would be the largest, but some of their plants are not located in the city. Of those in the city, the Meriden Britannia's company's plant, according to Architect Jones' figures, stand first

The order in which the list is made out shows by grade the valuation, minus figures, as follows: First, Meriden Britannia company; 2d, Bradley & Hubbard Manufacturing company; 3d, Edward Miller company; 4th, Meriden Curtain Fixture company; 5th, the Woolen Mill; 6th, Charles Parker company, all but the large plant in Yales ville; 7th, Wilcox Silver Plate company, 8th, Meriden Malleable Iron company; 9th, Manning, Bowman & Co. 10th, Wilcox Organ company; 11th, Parker Brothers' Gun shop; 12, C. > ROCKVILLE'S GALA DAY. Rockville, Aug. 11.-Rockville had a gala day Saturday. The occasion was the firemen's parade and field day, under the auspices of Fitton Fire company. The buildings of the city were draped in bunting and many mottoes of "Welcome, Brave Boys" were seen.

> The 10 a. m. train brought Central Hose company of East Hartford, Burnside Hose No. 3 and the Allyn Drum band of Hartford. The visitors were met by Chief Wagner and Assistant Chief Heffron.

Centre Hose of East Hartford brought its hose carriage, which was handsomely decorated. The others to arrive early were the Windsor Locks company and the Stafford Springs company.

At noon the members of the city de partment and the visiting firemen with the city and town officials sat down to a dinner in the Methodist church vestry room

The parade, which started at 10 o'clock, was formed as follows: A. B. Dickinson, marshal. Platoon of police. Hatch's Military band, Hartford. Chief of fire department. Hockanum Hose No. 1.

Fitton Fire company No. 2, Rockville. Steamer No. 2, Rockville. Sam Fitch Hose No. 2, Hook and Ladder Co. Allyn Drum band, Hartford, Centre Hose, East Hartford Burnside Hose, Burnside, Citizens' band, Stafford, Stafford Hose Co. Windsor Locks Hose Co. 1.

Prominent citizens in carriages. Representatives of the press. The line of march was down Prospect to Elm, to Main, to Vernon avenue, Brooklyn street to Market park, to School street, where the parade was dismissed.

The squirting at the park took place at 2 o'clock and was followed by the athletic events.

After the banquet Mayor Henry was Introduced by Chief Wagner and made the address of welcome. Speeches were also made by Alderman Hammond, Councilman Fay and Chief Goodwin of East Hartford. HARTFORD AND THE BOUNTY

ACT Hartford, Aug. 11.-Hartford has re ceived as yet only one claim under the soldiers' bounty act. The Post says: A reporter of the Post called on Selectman Blake and asked him if any claims had been preferred against the town of Hartford. Mr. Blake said: "I have only received one claim so far and that is from a man named Charles F. Parker, who resides in Vermont. Attorney J. H. Brocklesby is of the opinion that under the law we will have to pay all such claims, but I have no idea as to what the amount will be, but do not

expect it will be large." In September, 1862, the town of Hart ford appropriated \$100,000 to pay bounties to soldiers. Each man who enlisted or was drafted was to receive from the town \$100 and later this amount was ncreased to \$125. What proportion of his \$100,000 was ever paid in bountie seems impossible to determine. Town Clerk Higgins has tried to find record of the expenditure but cannot. The money was expended by a war committee, and among the members were J. Sidney Ensign. Mr. Batterson said to a Post man: "The general assembly cannot compel the town to pay these bountles any more than it can compel the town to pay any bill. If the general assembly has power to suspend the statute of limitation, then the courts must decide the cases, but the legislature cannot compel us to give bountles and they can't compel us to pay them. But as far as I remember nearly all the soldiers entitled to bountles were oald, and I don't think there are many claims against the town anyway." HARUGARI SOCIETY CONVENTION

New Britain, Aug. 11.-The convention of the Harugari societies to be held n this city August 19 promises to be uite an extensive affair. Nearly all of the societies of the state will send large delegations and from information eceived by the committee having the preparations in charge it has expectaions that nearly twenty bands will e in the parade. The City band of twenty-five pieces will furnish music for the local society, and the mayor and common council have accepted invitations to review the parade. There will be a grand picnic after the parade in Rentchler's park, and many national games will help to make it

Excellent Sacred Concert Given at Railroad Grove-A First Class Attraction Secured for This Week-West Haven's Building Boom-Other Newsy Items.

Another large crowd of pleasure seekers visited Sovin Rock yesterday, attracted thither by the cool and delightful breezes to be found along the shore front. It was one of the largest Sunday crowds of the season at this popular west shore resort, and notwithstanding the fact that the Winchester avanue railroad company made more frequent trips and ran trailers throughout the afternoon, it found itself almost unable to accomodate the large crowd

The proper fad for people whose bus iness prevents their leaving home for any length of time during the summer s now the organization of family parties, who go to the shore and enjoy genuine shore dinner. During the pasweek Michael Curnen, the genial proprietor of the cafe in railroad grove, has served excellent shore dinners t about a score of such parties, some of whom have come from out of town especially to try his famous shore dinners Mr. Curnen says the season with him has been an excellent one so far.

West Haven is at present enjoying quite a building boom. At the present ime there are no less than fifteen nev houses in course of erection, while others are being contracted for.

C. W. Clark, the builder, has recently building lot on Union ourchased a street, on which he has his barn raised and will erect a new residence right way for himself.

Dr. I. W. Stiles has commenced to break ground for his new house at the orner of Center street and Washington The plans are for a very nandsome dwelling 20x40, with broad verandas around the first and second loors. I WUULU NAINEN DIE! On the third floor of an ordinary lodging house in the City of Brooklyn was found the body of a lodger, with a revolver by his side and a bullet in his head. In his pocket was found a book in which was written: "I am tired of life because I am suffering from consumption. I would try to work but it is useless while I have no hope of getting better."

What a commentary on our boasted civil-

ization! A poor wretch, suffering from what he supposed was an incurable disease snuffs out his flickering life with a bullet Where did he get the idea that his disease was incurable? From an old-time theory which modern investigation has exploded. Many diseases may be considered incurable, but that does not make them so. During the past few years scientists have discovered, in the tuberculosis germs, the cause of consumption. Their investiga-tions have found a cure for the malady, in Ozone and Guaiacol. These agents de stroy the germs which produce the disease Compounded with pure Cod Liver Oil, they form Ozomulsion, which is sold by all Drug gists. This remedy cures consumption an all lung troubles. It first destroys the caus of disease—the poisonous germs which produce it—and then restores the patient to per feet health. The Ozone and Guaiacol kill th germs. The Cod Liver Oil provides the flesh and strength. That is the principle on which this medicine works. It is both rational and reasonable; and it is doing more for the cure
